

MF 2000

Mobile weld-fume filter for temporary worksites

The MOVEX weld-fume filter MF is a handy tool for temporary worksites.

The mobile filter MF offers a high level of filtration and high extraction capacity. It is equipped with a gas spring balanced extraction arm (PR), 6 alt. 9 feet long.

The smooth inside of the extraction arm helps reduce the risk of ducts being blocked.

All necessary adjustments can easily be taken care of from the outside

Carbon filter cartridges for gas-mixed air are available on request.

The filter is easily maneuverable due to four pivot wheels.

N.B! The portable filter is not intended for extraction of liquids!

Extraction capacity: about 705 cfm with PR-arm Ø 6 inches.

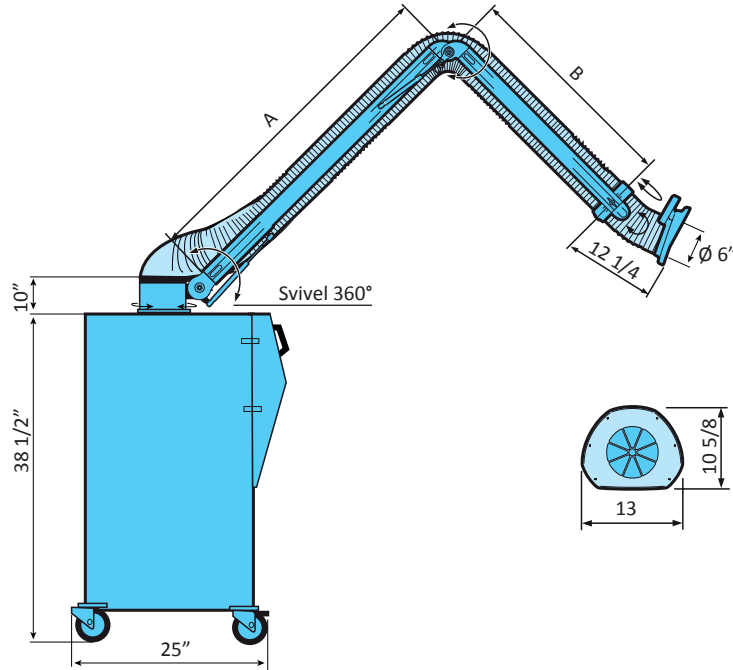

The MOVEX MF filter is delivered with cable and plug for 1-phase 115 V ~ connection.

*2 different options available,
MF 2000 With a PR 2000-160
or
MF 3000 with a PR 3000-160*

The Movex range also includes fans, accessories, automatic control gear and filters for extraction
